

# Product Selection Guide

## Who We Are ?

At Topmetal Roofing Supplier, we don't just sell metal roofing — we're your partner in the sales process. Whether you're a contractor or installer, we guide you every step of the way to help you generate effective sales. We specialize in standing seam metal roofs, bringing expert knowledge and support to your business.

## What Sets Us Apart?

In addition to being Miami-Dade County approved, we pride ourselves on speed, reliability, and availability. With on-site mobile production, we ensure quick turnaround times and high-quality results — wherever your project is.

## Who This Is For?

This Product Selection Guide was created for roofers, contractors, and sales teams — to provide you with the tools and confidence to support and boost your sales.

We've designed three tailored packages so that your client doesn't have to overthink it — they can simply choose the option that best fits their needs.

# LET'S TALK ABOUT THE COLORS!

At TopMetal, we classify them by...

## STANDARD

## PREMIUM

## ULTRA-Premium

Copper Penny | 45

Bright Silver | 61

Pre-Weathered Galvalume | 39

## BASIC

AZ55 Acrylic Galvalume

At TopMetal, we believe color does more than protect — it defines.

- **Basic** – Durable and practical for essential applications
- **Standard** – Popular, versatile tones with fast availability
- **Premium** – Rich colors for elevated style and lasting appeal
- **Ultra-Premium** – Distinctive finishes for standout projects

That's why we classify our finishes by performance and appearance to meet the unique needs of every project. Whether you're going for bold statements or timeless elegance, we've got the shade for you.

# How to request a quote or place an order

## STEP 1

We start by taking measurements of your roof using satellite imagery to get an approximate size in square feet (sq ft).

Then, we'll select an available color together, which helps us consider lead times and stock availability & price options.

## STEP 2

We coordinate with the installer to take accurate measurements on-site.

With this information, we adjust the initial estimate and confirm the final budget.

Once approved, we issue the invoice and schedule production and installation.

## STEP 3

Make the payment as per the agreed invoice.

Please make sure to be present on the day of delivery and installation — and that's it!

# TOPMETAL Warranty – 35 Years of Confidence

All our roofing systems come with a 35-year limited warranty, covering:

- Paint peeling
- Coating delamination
- Excessive chalking or fading
- Loss of gloss over time
- ☛ Applies to all packages: Economic, Intermediate, and Premier
- ☛ Covers all finishes: Standard, Premium, and Ultra Premium

## CERTIFICATIONS

🏆 Miami-Dade County Approved

Our systems are certified by one of the strictest building codes in the U.S.

✓ Designed to withstand strong winds, humidity, and coastal climates

🏗️ On-site Rollforming Production

- ✓ High precision panel cutting
- ✓ Minimizes waste and installation errors
- ✓ Increases durability and long-term performance

## WARRANTY TERMS

- Valid only for products manufactured and sold by TOPMETAL
- Does not cover damage from improper installation, chemical exposure, physical impact, or natural disasters
- Claims must include proof of purchase and photo documentation

MIAMI-DADE COUNTY  
APPROVED
